LOVE: *Lighting and your Event - A Match Made in Heaven*

So she wants it all to be pink, pink, pink. Every square inch of the space? We can wash the entire area in pink or just about any color. We can pinspot centerpieces and other focal points. PDA also offers custom monogram and logo projection. These custom-designed gobos can be projected on everything from dancefloors to fabric to the sides of buildings. Our designers can guide you on other ways to incorporate lighting into your event.

HARMONY: *Identify Your Challenges*

When they say *Planner*, what they really mean is *Mediator*. In the event business we rely heavily on our partners and vendors to all form a harmonious team. We are all in it for the same reason: to say, "*That event was a smashing success and went off without any major hiccups.*" Partner with vendors who have proven track records and are actively involved in the planning process.

Your production partner should be asking you:

~Is your event space booked far enough in advance to account for vendor setup and rehearsals?

~Have you coordinated the load-in/out schedules among all vendors?

~Have you calculated all power needs: band, AV, catering, etc.?

...just to name a few.

We know that an integral part of success is quality and commitment. It is PDA's mission to deliver both to every client and event.

We look forward to partnering with you. Contact us today to begin planning your next event.
